

Signup to Receive USMMA Emergency Notifications via Amerilert

Quick Reference

USMMA sends out emergency notifications through Amerilert, a mass notification system which delivers time-sensitive messages to the registered user's mobile phone and email. In the event of an emergency, registered users will get notified immediately of the situation, wherever they are geographically.

To register to receive USMMA emergency notifications via Amerilert follow the steps below:

1. Open your Internet Browser and go to <https://www.amerilert.net/my/usmma/signup.htm>

The Amerilert Sign Up page is displayed.

AMERILERT Admin Login

2. Enter/create your Amerilert username.
3. Enter your first and last name.
4. Enter/create your Amerilert password.
5. Enter your mobile phone number and select your mobile carrier from the drop-down list.
6. Click on the **Terms of Service** link and read the Amerilert Terms of Service.
7. Click the **Agree to Terms of Service** checkbox.
8. Click the **Create Account** button.

The validation screen is displayed.

At this point, your Amerilert account is not yet activated. Amerilert will send you a validation code to the mobile phone number that you entered when creating the account.

The screenshot shows the Amerilert web interface. At the top left is the Amerilert logo. Below it, the user's name "U.S. Merchant Marine Academy" is displayed, with links for "Suggestions" and "Logout" to the right. A navigation bar contains "Dashboard", "Services", and "Account", with "Services" highlighted. A green box contains a "Congratulations!" message: "You have successfully created your new account. Some delivery services may require validation before they are fully functional. Please look below for any services marked in RED and follow the instructions to complete the process." Below this, the "Your Services" section is shown. Under "SMS (Text Messaging)", there is a red banner labeled "Unvalidated" with a minus sign icon. Below the banner, the phone number "631-149-0001 (AT&T (Legacy))" is listed with a "Delete" link. A message explains that a validation code was sent and provides instructions on how to receive it. Below the message is a "Validation Code:" label, a text input field, and a "Validate" button. A "Resend Validation SMS" link is also present. At the bottom of the SMS section, there is a "Phone:" label, a text input field, a "Select Carrier..." dropdown menu, and an "Add SMS" button. The "EMAIL" section below has an "Email Address:" label, a text input field, and an "Add Email" button.

9. When you receive the validation number from Amerilert:
 - Enter the number in the Validation Code textbox.
 - Click the **Validate** button.
 - Your Amerilert account is now activated.
10. If you wish to receive Amerilert notifications via email:
 - Enter your email address in the textbox.+
 - Click the **Add Email** button.
11. When finished, click the **Logout** link.
