Course Description

The Humanities Sea Project is a reading and writing project to be completed by all midshipmen during their second sailing period. It provides a quality reading experience while at sea, encouraging midshipmen to consider books with literary and/or historical merit. This project will allow them time to contemplate the ethical and moral issues of fictional or historical leadership and authority as well as to provide an opportunity for self-reflection. By the end of the sea year, midshipmen should be able to appreciate how encountering new literary works can enrich their experiences throughout their professional maritime careers. 1 credit.

Course Objectives

- To enhance the midshipmen’s knowledge of literature, biography, and/or history
- To add to the midshipmen’s base of knowledge about the larger world and to stimulate critical thinking about human relationships as well as the ethical and moral issues of fictional or historical leadership and authority
- To provide opportunities for midshipmen to improve their analytical writing skills
- To encourage life-long learning through reading and self-reflection

Midshipman Learning Goals

- Midshipmen will learn to write analytical essays that demonstrate their understanding of the literary works’ character, theme, narrative point of view, and/or rhetorical and linguistic techniques.
- Midshipmen will learn to write analytical essays that have a well-formed thesis statement, topic sentences, and significant supporting details.
- Midshipmen will learn to write analytical essays that are well organized and demonstrate a strong, clear command of standard written English.
Directions and Requirements

Choose a book to read from the Approved Reading List (see next page) and write a 2,000-3,500-word paper (5-8 pages) exclusive of quotations—double-spaced, using a 12-point font with one-inch margins—on the topic of effective leadership as it relates to the chosen book:

THIS PROJECT IS NOT A BOOK REPORT OR A PLOT SUMMARY.

You should begin with an introductory paragraph that introduces the book and the major themes contained in your paper. This paragraph should contain a thesis statement in which you use key words and/or phrases to identify specific characteristics that define the nature of effective and/or ineffective leadership in your chosen book.

The central section of your paper should consist of your analysis of the leadership in the book. Do the leaders and the followers whom you discuss have positive qualities (such as decisiveness, professionalism, willingness to collaborate, charisma, generosity, concern for others), or negative traits (for example laziness, manipulative behaviors, hunger for power, micromanagement, vengefulness)? Give good examples of the leader’s characteristics, and show the effects of this type of leadership on their partners, followers, or subordinates. What are the effects of this type of leadership on the events in the book?

In your analysis, try to address the psychological dimension behind human interaction. Why do the leaders or followers behave as they do? Avoid clichés, or if you use them, be sure to reexamine them through the lens of the book. Remember, you must convince the reader of your point of view through the presentation of evidence. Your analysis must also include several well-selected but brief quotations to illustrate your points, and you must follow up your quotations by relating them to your argument. Use MLA style for textual citations.

Evaluation

You must submit the final paper (paper copy) to the Humanities Sea Project Director within one week of returning from sea year. You also must submit an electronic copy of the paper to Turnitin.com. The Turnitin.com Class ID is 7178246. The Turnitin.Com Class Password is “KPSEA.” Failure to comply with either measure is grounds for failure of the Humanities Sea Project.

Once submitted, the Humanities Sea Project Director shall base the grade for the paper on the following criteria: thesis statement (25%), development (25%), organization (25%), and sentence mechanics (25%).

All grades will become part of the midshipman’s permanent academic record. Those midshipmen who earn a failing grade on the Humanities Sea Project must repeat the project using another text chosen from the Approved Reading List below. In such cases, the repeated project may earn one of the following grades: F, C, C+, B-, B, B+, A-, A. Those who do not repeat the project by the last day of the trimester will earn a second “F” grade. A second grade of “F” in the same sea project course will automatically result in the midshipman’s Referral for Disenrollment to the Academic Review Board.

There will be no additional time permitted for submitting the Humanities Sea Project. Projects will be due along with all other sea projects at sea project collection day at the beginning of either the first or second term.

Statement on Plagiarism and Ponies

Academic dishonesty is unacceptable and will not be tolerated. Cheating, forgery, plagiarism and collusion in dishonest acts undermine the Academy’s educational mission and students' personal and intellectual growth. Kings Point students are expected to bear individual responsibility for their work, to learn the rules and definitions that underlie the practice of academic integrity, and to uphold its ideals. Ignorance of the rules is not an acceptable excuse for disobeying them. Any student who attempts to compromise or devalue the academic process will be severely sanctioned academically and reported to the Honor Board. Course failure and/or dismissal from the Academy may follow. All aspects of the Midshipman’s performance on the Humanities Sea Project must be consistent with the Honor Code in place at the Academy. Plagiarism is a violation of the Academy’s Honor Code and is a serious academic crime that can result in expulsion from the Academy. The use of ponies is regarded as cheating. All students are required to hand write and sign the following honor pledge on a blank sheet of paper attached to the Humanities Sea Project: “I pledge that this Humanities Sea Project represents all of my own work in accordance with regulations.” Please keep in mind the motto “A Midshipman Will Not Lie, Cheat, or Steal.”
